- Unmatched customer satisfaction
- Personal "hands-on" service

## FASTENERS

Fasteners are a critical component to the maintenance and repair of your specialized equipment. Winzer stocks the most comprehensive line of bolts, washers, nuts, clips, anchors, screws, rivets, thread repair and specialty fasteners.

- **Grades** – 5, 8 and specialty
- **Variety** – Hex bolts, socket products, thread repair, clips, retaining rings, springs, cotter pins, shoulder bolts, screws, specialty retainers
- **Finish** – Plain, yellow zinc, bright zinc, unplated, galvanized and black phosphate
- **Stainless Steel** – 316 and 18.8
- **Sizes** – Standard and metric
- **Origin** – USA or quality import
- **Quantities** – Individual pieces to bulk packs

## HYDRAULICS & FLUID POWER

Non-operational equipment due to a hydraulics failure can add up to thousands of lost dollars. Winzer stocks a comprehensive line of Eaton and Gates brand hydraulic hose, couplings and equipment. With a Winzer hydraulic solution you, can be assured you have the parts you need, when you need them.

- **Eaton Weatherhead** – Field Attachable – 009 B-series, 213 N-series, 247 N-series, 425 N-series Coll-O-Crimp® – 338 P-series, E-series, U-series, Z-series, 430 U-series, hose – low pressure, medium pressure, high pressure, weathershield, weatherjack
- **Gates** – Field attachable – G34-series, G35-series, G28-series couplers - mega crimp, global spiral hose – medium pressure, high pressure, high temperature, megavac, non-conductive, megaflex
- **Brass Fittings** – Inverted flare tube, compression tube, selfalign tube, poly-fit tube, push-in tube, D.O.T air brake, air brake push-on, fuel hose, barb-tite, brass pipe
- **Steel, Stainless and Malleable** – Steel swivel, flat-face o-ring, male boss o-ring, JIC 37-degree, steel pipe
- **Tubing** – Nylon, polyethylene, tygon, low pressure thermoplastic, nylon D.O.T.
- **Valves & Couplers** – Shop air, ball valves, gate calves, cam and groove, hydraulic service

## SPECIALTY

As a master distributor for automotive and industrial maintenance supplies, Winzer stocks thousands of specialty items that are universally used in many industries and applications.

- **Key Blanks** – Heavy equipment keys, domestic keys, import keys, equipment keys, architectural keys, padlock keys
- **Clamps** – Hose clamps, linear clamps, ear-type clamps, spring action clamps, exhaust clamps, preformed steel band clamps, cable clamps, constant torque clamps, T-bolts
- **Specialty Hardware** – Sealing washers, wheel studs, engine studs, fuel line repair, vacuum and washer connectors, grease fittings
- **Tire and Wheel** – Wheel weights, service tools, tire valves, tire patches and plugs, flat prevention chemicals

## CHEMICALS

Chemicals are one of the most widely used products on any job site. Winzer's chemical program offers you the widest selection of brand names you know and trust, as well our professional-grade house line of products.

- **Cleaners** – Electrical cleaners, contact cleaners, cleaning solvents, degreasers, rust removers, paint and gasket removers, glass cleaners, hand cleaners, fleet, truck and equipment wash, pressure washer detergents, concrete cleaner
- **Penetrants and Lubricants** – Dry lubes, silicone lubricants, greases, specialty lubricants, anti-seize, assembly lubricants, chain and gear lubricants, cutting lubes and coolants
- **Sealants and Adhesives** – Instant adhesives, threadlockers and retainers, epoxies, RTV silicones, gasket makers
- **Paint and Coatings** – Spray paints, paint markers, rust treatments, corrosion inhibitors, welding coatings, specialty coatings

## WELDING

Winzer's Star-Alloys line of welding electrodes was specifically designed to meet the needs of maintenance repairs. It's unique combination of materials allows users to make immediate repairs without the need of pre-cleaning surfaces.

- **Brazing** – Silver Brazing, bronze brazing
- **Electrodes** – Mild steel, low hydrogen, dissimilar steels, manganese, hardfacing, chamfering, cast iron, aluminum, stainless steel
- **MIG Wire** – Solid and flux core, mild steel, manganese, low hydrogen, stainless steel, hard facing, aluminum
- **TIG Wire** – Mild steel, dissimilar steel, heat-treatable dissimilar steel, stainless steel, cast iron, aluminum, air hardened, heat-treatable steels, high temperature steel, tool steel
- **Accessories** – Welding cable, chemicals, heat barriers, chipping hammers, blankets, magnets and clamps, check valves and flashback arrestors, gloves, helmets

## ELECTRICAL

Electrical problems are a leading cause of failure in today's equipment. Winzer has everything you need to keep your equipment operational, from terminals and wire to trailer lights and battery cable, a Winzer solution can solve your electrical problems in the field and in the shop.

- **Terminals and Switches** – Butt connectors, heat seal terminals, nylon insulated, PVC insulated, deutsch connectors, rocker and toggle switches, on-off switches
- **Fuses** – Mini and maxi blade fuses, glass fuses, smart glow, PAL fuses, MIDI fuses, circuit breakers, flashers, fuse holders
- **Vehicle and Shop Lighting** – Miniature lamps and bulbs, OEM osram sylvania, halogens, sealed beam, reflectors, truck and trailer lighting, drop lights, halogen tower lights, extension cords
- **Wire and Wire Management** – Primary wire, fusible link, heat shrink tubing, looms, fiberglass sleeving, wire ties, cable clamps, rubber grommets
- **Battery Cable** – Crimping tools, solder slugs, battery cable, battery terminals, terminal boots, lugs

## CUTTING TOOLS & ABRASIVES

Increase productivity today with the highest quality drills and abrasives available. Our exclusive Shop Pro and Wolverine product lines have a solution that will fit your job, budget or demands!

- **Drills** – Jobber length, mechanic length, countersinks, combination drills, extra length, hex shank, left handed, step drills
- **Taps and Dies** – Die sets, metric and fractional, bottoming taps, taper taps, plug taps and complete sets
- **Saws and Cutters** – Band saw blades, reciprocating blades, hack saws, hole saws, spot weld cutters, reamers, end mills
- **Surface Conditioning** – Roloc discs, scotch-brite® discs and pads, clean and strip discs, combination flap wheels, bristle discs, wire wheels and brushes
- **Bonded and Coated Abrasives** – Bench grinding wheels, combination wheels, cut-off wheels, angle grinder wheels and mounted points, flap discs, roloc discs, abrasive belts and sandpapers

## SHOP & SAFETY EQUIPMENT

Your single most important asset is your employees. Winzer strives to offer you the most comprehensive solutions to ensure their safety comes first on the job site or at the shop.

- **Personal Protection** – Face shields, respirators, dust masks, hard hats, fall protection, first aid kits, outerwear
- **Eye and Hearing Protection** – Safety goggles, safety glasses, readers / cheaters, eye wash stations, ear plugs and ear muffs
- **Hand Protection** – Disposable gloves, mechanics gloves, leather palm gloves, knit and jersey gloves, chemical and nitrile gloves, driver's gloves
- **Tools and Equipment** – Adjustable wrenches, blow guns, pneumatic tools, drill chucks, hex keys, power bits, grease guns, sockets and impact tools, utility knives, razor blades, screwdrivers, tool storage, brushes, wrenches, painting supplies
- **Tapes** – Duct tapes, masking tapes, self-fusing tapes, electrical tapes, packing supplies, sealing tapes, velcro
- **Spill Control** – Absorbents, spill kits

# HEAVY EQUIPMENT

## The Winzer Solution

Winzer is a leading distributor of maintenance, repair and operations products. Having served the Industrial, manufacturing and automotive industries since 1978, we firmly believe that by combining the right products, state-of-the-art logistics and un-matched industry expertise, Winzer is able to adapt to the specific needs of your business and create "Unconditional value."

Winzer customers define value in their own terms. Winzer's commitment is to gain a complete understanding of those terms and translate that into a totally integrated and successful MRO solution. Simply put -- the Winzer solution is an extension of your business.

## Delivering on Productivity and Efficiency

The cornerstone of Winzer is our commitment to service. Our locally owned franchise sales force ensures the ultimate customer satisfaction by providing the hands-on service your MRO products require. We measure our success by the success of our customers, making us your partner in business rather than simply a supplier.

# HEAVY EQUIPMENT

## Product Variety

Our extensive product range allows for simple, consolidated shipments and billing. With access to over one million products, Winzer truly is your single source MRO supplier.

## Customized Solutions

We understand that one size does not fit all. With a Winzer system, our tenured franchisees are able to develop an MRO solution that is as unique as your business. From on-site bin-stock programs to cost recovery technology, our no-nonsense approach to business will tailor fit a solution that increases your company's productivity while eliminating costly stock-outs and down-time.

## Quality

We stand behind the products we sell, and offer the industry's highest quality fasteners and MRO products from names you know and trust. Combined with an industry-leading product satisfaction guarantee, you can rest assured that a Winzer solution has your best interests in mind.

Custom Designed  
**Storage Systems**  
to organize your supplies

SERVICE  
THAT **WORKS**®

Winzer can custom design a storage system to fit your needs. In addition, our planned inventory control systems help with parts organization, saving both time and money.
