991.51510.1	4 x 1 Case

HIGH-STRENGTH RTL2710

Red Threadlocker

When you want to be sure the fastener stays locked, use High-Strength RTL2710 Red Threadlocker. Designed to lock and seal fasteners up to 1" in diameter.

Applications: large fasteners, heavy-duty parts. Seals against air, oil, and hydraulic leaks.

Cure Time: Fixture: 15-25 min.
Working: 2 hrs.
Full Cure: 24 hrs.

Part No.	Package
889.2415	1.69 fl oz (50ml)

MEDIUM-STRENGTH BTL2420

Blue Threadlocker

Be sure your fasteners stay where you need them with Winzer BTL2420 Blue Threadlocker. This medium-strength threadlocker allows you to disassemble with hand tools when needed.

Applications: locks and seals threaded fasteners on brake lines, starter mounts, cab hardware, intake manifolds, water pumps, thermostat housings, fan drives, throttle linkages, flywheel housings, alternators and compressor brackets, filter housings and brackets, ring and pinion bolts and pulleys. Retains and seals lip seats.

Cure Time: Fixture: 10-20 min.
Working: 2 hrs.
Full Cure: 24 hrs.

Part No.	Package
889.2410	1.69 fl oz (50ml)

BIG RED

Premium Non-Melt Red Grease

This is an excellent all around grease with hundreds of industrial, automotive and marine uses. Betone-based, this red grease is formulated with extreme pressure additives and stays in place under high impact.

- Waterproof – excellent resistance to steam and boiling water
- Non-Melt – will not liquefy at high temperatures
- Remains pumpable at low temperatures
- Resists water, rust and corrosion, chemicals, acid and salt spray

Applications: high and low speed ball and roller bearings, linkages, couplings, pumps, universal joints, fifth wheels, ball joints, equipment, etc.

Part No.	Package
891.730	14.5 oz (411 g)
891.730.1	48 x 1 Case

SUPER 300

Liquid Instant Adhesive

Keep this instant adhesive close-at-hand. The superior strength and fast curing can be used on virtually any type of substrate.

- Excellent gap filling properties for bonding small parts which do not have a perfect fit

Applications: metals, steel, aluminum, rubber, neoprene, plastics, glass, Plexiglas, vinyl, ABS, acrylic, copper, zinc plating, PVC, wood, wire, ceramic, leather and most other substrates.

Part No.	Package
889.460	1/4 oz (7 g)
889.461	1 oz (28.4 g)

MPS-100

Multi-Purpose Solvent Aerosol

This product offers you the best in a highly concentrated, multi-purpose solvent. It can be used for a wide variety of applications.

- Fast evaporating
- Safe to use on painted surfaces, flexible plastics, fiberglass, rubber and vinyl
- Removes oil, grease and other contaminants
- Leaves no residue

Applications: vehicle exteriors and interiors, boats, plastic trim, moldings and painted metals.

TEK ORANGE

Gel Engine Degreaser (Not for sale in California)

A mild citrus-scented engine degreaser stays where you need it. The gel-based formula allows it to cling to vertical surfaces.

- Spray on, let it clean, and wash off with water
- Mild citrus scent - no strong solvent odors
- Forms to a thick gel that clings to vertical surfaces

Applications: penetrates and emulsifies oil, grease, tar and asphalt. Cleans gasoline and diesel engines, painted surfaces, metal, brick, concrete and stone.
